Friday 04<sup>th</sup> November 2016

Dear parent/carer,

Following the success of the Rainbow Reading Challenge last year, we are very excited to re-launch this initiative. Learning to read is one of the most important skills your child can learn, and this is designed to encourage children to read a range of books at home with an adult.

Each child will receive a rainbow book mark which can be signed by an adult every time they complete a book read at home. This can be any book as well as their reading books from school. After reading 7 books with an adult they will receive their rainbow reading certificate.

Each child will move through the colours of the rainbow (these are **not** linked to reading band colours) and will have their photo on our giant rainbow display in the KS1 learning area.

This challenge focuses on developing each child's reading skills at home and aims to encourage reading for pleasure.

Good Luck and enjoy reading!

The KS1 Team
