Friday 27th January 2017

Dear Parents/ Carers,

From Monday 30th January 2017, the black school gates nearest the High Street will be locked during the school day. This means that visitors will only be able to access school via the main entrance.

I would also like to remind parents and carers that for safe-guarding reasons, any visitors to school including parents and carers must sign in with the office to collect a visitor's badge. The only exceptions are when parents are invited in for events such as shows or Drop and Read etc. After such events parents must exit through the main entrance and not use the side doors.

Parents and carers dropping off or collecting a child during the day must call in at the office and are not permitted to walk with their child through the school.

Thank you in advance for your understanding and support in ensuring our children are safe at all times.

Best regards,

Alun Randell
Head Teacher
