Year Five and Six Trip to We The Curious and The Planetarium, Bristol

Dear Parents/Carers,

As you are already aware, the children in Year Five and Six are studying Space next term. In order to support their learning and broaden their experiences, we will be visiting We The Curious (formerly known as at Bristol) and The Planetarium in Bristol. We are very excited as the planetarium experience gives children a real insight and understanding of our solar system and its place within our galaxy and the universe itself. The new digital technology will enable our children to experience a 3D film in the hunt for alien life, which we hope will also inspire the children as part of our Talk 4 Writing units. We believe having the chance to experience this will encourage the children to make connections with their learning and bring their learning to life. It promises to be a really exciting day!

Dates and Times:

- **Tuesday 21st November 2017**
- Children should arrive at school as usual.
- We will return at approximately **4.00 p.m.**
- Children will need to bring a packed lunch and water bottle.

Please ensure that your child has taken any travel sickness medication that they require, prior to getting on the coach. Additionally, should they have any other medical needs or medication, please let us know in good time, so that the proper arrangements can be made.

The voluntary contribution for this trip is: **£12.00** Please pay via the School Gateway by 6th November. If we are unable to cover the cost of the trip, unfortunately the trip may have to be cancelled.

When you make your payment you will be asked to give consent for your child to take part in this visit. You should also inform us of any medication needs or conditions. If there are none then please write 'none' in the comments box.

Yours sincerely,

The Year 5/6 team.
